Readers are guided through the maze of labels, selecting beers that don't just taste great, but also have a story to tell. The simple page-a-day diary format includes an easy reference for the beer, its country of origin, the day's date, and its linked event. For each day, a beer is recommended that draws attention to events that have taken place or that still take place on that day. From seasonal beers produced to celebrate such occasions as Valentine's Day and Halloween, to those honoring the good and the great from history, A Beer a Day has a beer for every story and a story for every beer.

What do you get when you cross a journalist and a banker? A brewery, of course. "A great city should have great beer. New York finally has, thanks to Brooklyn. Steve Hindy and Tom Potter provided it. Beer School explains how they did it: their mistakes as well as their triumphs. Steve writes with a journalist's skepticism--as though he has forgotten that he is reporting on himself. Tom is even less forgiving--he's a banker, after all. The inside story reads at times like a cautionary tale, but it is an account of a great and welcome achievement." --Michael Jackson, The Beer Hunter(r) "An accessible and insightful case study with terrific insight for aspiring entrepreneurs. And if that's not enough, it is all about beer!" --Professor Murray Low, Executive Director, Lang Center for Entrepreneurship, Columbia Business School "Great lessons on what every first-time entrepreneur will experience. Being down the block from the Brooklyn Brewery, I had firsthand witness to their positive impact on our community. I give Steve and Tom's book an A++!" --Norm Brodsky, Senior Contributing Editor, Inc. magazine "Beer School is a useful and entertaining book. In essence, this is the story of starting a beer business from scratch in New York City. The product is one readers can relate to, and the market is as tough as they get. What a fun challenge! The book can help not only those entrepreneurs who are starting a business but also those trying to grow one once it is established. Steve and Tom write with enthusiasm and insight about building their business. It is clear that they learned a lot along the way. Readers can learn from these lessons too." --Michael Preston, Adjunct Professor, Lang Center for Entrepreneurship, Columbia Business School, and coauthor, The Road to Success: How to Manage Growth "Although we (thankfully!) never had to deal with the Mob, being held up at gunpoint, or having our beer and equipment ripped off, we definitely identified with the challenges faced in those early days of cobbling a brewery together. The revealing story Steve and Tom tell about two partners entering a business out of passion, in an industry they knew little about, being seriously undercapitalized, with an overly naive business plan, and their ultimate success, is an inspiring tale." --Ken Grossman, founder, Sierra Nevada Brewing Co.

"The only book you need to understand the world's most popular beverage. I swear on a stack of these, it's a thumping good read."--John Holl, editor of All About Beer Magazine and author of The American Craft Beer Cookbook Imagine sitting in your favorite pub with a friend who happens to be a world-class expert on

beer. That's this book. It covers the history: how we got from gruel-beer to black IPA in 10,000 years. The alchemy: malts, grains, and the miracle of hops. The variety: dozens of styles and hundreds of recommended brews (including suggestions based on your taste preferences), divided into four sections--Ales, Wheat Beers, Lagers, and Tart and Wild Ales--and all described in mouthwatering detail. The curiosity: how to read a Belgian label; the talk of two Budweisers; porter, the first superstyle; and what, exactly, a lager is. The pleasure. Because you don't merely taste beer, you experience it. Winner of a 2016 IACP Award "Covers a lot of ground, from beer styles and brewing methods to drinking culture past and present. There's something for beer novices and beer geeks alike."--Ken Grossman, founder, Sierra Nevada Brewing Co. "Erudite, encyclopedic, and enormously entertaining aren't words you normally associate with beer, but The Beer Bible is no ordinary beer book. As scintillating, diverse, and refreshing as man's oldest alcoholic beverage itself."--Steve Raichlen, author of Project Smoke and How to Grill

As a journalist spurred by curiosity and thirst, Lucy Burningham made it her career to write about craft beer, traveling to hop farms, attending rare beer-tasting parties, and visiting as many taprooms, breweries, and festivals as possible. With this as her introduction, Lucy decided to take her relationship with beer to the next level: to become a certified beer expert. As Lucy studies and sips her way to becoming a Certified Cicerone, she meets an eclectic cast of characters, including brewers, hop farmers, beer sommeliers, pub owners, and fanatical beer drinkers. Her journey into the world of beer is by turns educational, social, and personal--just as enjoying a good beer should be.
