Your Money or Your Life is a platform designed to help you transform your relationship with money and achieve financial independence (FI). The platform builds on the teachings of the New York Time's Bestseller Your Money or Your Life.

Blog | Your Money or Your Life

Your Money or Your Life is a wise book, and the authors were clearly motivated by what they saw was a pointless death march of society. Workworkwork, Buybuybuy, TrashDestroyWaste, Die. Even 20 years ago, when the first clunky SUVs were coming to market and trailblazing a path to widespread stupidity, this pattern was already obvious.

Your Money or Your Life - Mr. Money Mustache

No matter what you think money is, there's one truth about money that applies to everyone: Money is something you trade your life energy for. You pay for money with your time. And the exchange is not as good as you think.Approximate your Real Hourly Wage by using this calculator. Come back to it to see what the RHW of a new job will be.

Your Money or Your Life Brought about by a desire to pursue intentional living, Robin and Dominguez experimented with frugality and simple living and found it was possible to live on a fraction of the money spent by a typical household. Furthermore, paid work could be avoided entirely with a modest nest egg providing the required income.

Offers a nine-step program for living more meaningful lives, showing readers how to get out of debt, save money, reorder priorities, reserve inner conflicts, save the planet, and convert problems into opportunities. Reprint. 150,000 first printing. \$100,000 ad/promo.

This primer on transforming the relationship with money and achieving financial independence has been updated with a new Preface and resource list to help readers put the program into practice.

Publisher Description

Bestselling author and UK television star Alvin Hall demystifies the principles of personal money management, helping readers control their finances so they can move from confusion-about credit, debt, investments, and retirement-to clarity. Americans are finding themselves in tough situations in the midst of today's volatile financial climate and more than ever need good guidance and discipline. In Your Money or Your Life, financial guru Alvin Hall shows how taking charge of money reduces stress in all aspects of life- work, day-to-day living, and relationships-and it's never too late to start monitoring this crucial area of life and working towards achieving long-term financial goals. One of the keys to achieving financial success is to first learn how to distinguish between "wants" and "needs." Hall instructs and empowers readers to create a budget that allots for life necessities and material desires. But he also warns readers to get to the emotional root of what causes them to "want" certain things and reconsider their desires carefully. Most importantly, Hall teaches readers how to recognize and manage their personal spending styles, how to find painless ways to save money, how to understand the real cost of credit card debt, how to pick the best mortgage package for them, how to plan for retirement, and how to evaluate insurance offers. With Your Money or Your Life, Alvin Hall provides sound financial advice that enables readers to make confident decisions and attain financial security.

The most popular question Alvin Hall is asked is "Where does my money go?". In this updated edition of his bestselling financial guide, Alvin helps everyone get their finances in order. Helping you to understand your money psychology, Alvin beats a clear pathway through the financial maze of mortgages, insurance and pensions, provides a practical understanding of credit card debt and interest rates, and advises how to set up balance sheets for budgeting personal finances. Here is the easy-to-follow advice for a brighter, sounder financial future.

What if you were told that your money could do more for you than just pay your bills each month and allow you live a somewhat comfortable life. What if you were told that money was the key to building a free life? That the life you thought was only possible for the millionaires and billionaires of the world could in fact, be yours?Money may not be the answer to achieving lasting happiness, but it can certainly bring you one step closer. If you don't want to spend the rest of life constantly worried, stressed about money, paying bill after bill yet your debt never seems to end, wondering if you're ever going to be able to have enough in your savings for it to be considered "enough", then something needs to change. You need to take those doubts you have about being able to control your money and toss them for good. Taking charge of your finances not just for the rich and wealthy, it is how you become rich and wealthy one day. You don't have to wait until you're earning a certain pay grade before you start making changes, because guess what? No matter how much you earn, it will never be enough if your spending habits don't change. All those false notions you've been carrying about for years, when you've tried to convince yourself "once I earn this much I'll be happy" or "once I earn this much, it'll be enough" are nothing more than excuses that will continue to hold you back financially as long as you keep believing in them. It never works.You want to know what does work? Taking action. Taking control of your finances today. Not next year. Not 5 years from now. Today. It's time to whip your finances into shape with Your Money or Your Life, as you discover:- How to get yourself out of debt and develop your savings- How to do it without giving up all the things that make you happy- How to spend less but still live well- How to travel the world for cheaper than you think- How to create a simple money-making portfolioAnd more...Your Money or Your Life is not just another list of impractical suggestions and advice that's hard to follow. It is your roadmap to begin shifting your thinking to see at last that money is the key to building that free life you've always wanted.

The income tax wasn't integral to anything the Founders of this country had in mind and it wasn't integral to anything they designed. Your Money or Your Life: Why We Must Abolish the Income Tax shows where the income tax and the IRS came from, and recounts not only how they came to be but why. What makes Richman's analysis different is that he shows that the special evils of the IRS and income tax are not accidental, something that can be eliminated just by putting the right people in charge or by offering a few reforms here and there. They are intrinsic to the purpose for which the IRS and the income tax exist. And that's why Richman proposes that the whole thing just be repealed. This book shows how the income tax makes you poorer. Reading Richman's discussion of it will make you richer.

Your financial health is more than a mere collection of debits and credits on a balance sheet. In fact, the numbers on a financial statement represent a series of decisions that, if made strategically, can ensure that each of us maintains our desired standard of living at every age and stage of life. Many people think that key financial choices are too complicated to make on their own. However, with the right information and guidance, we can all secure our own financial future. Your Money and Your Life is more than your average guide to financial planning and retirement. Acclaimed author and speaker Robert Z. Aliber helps readers to make efficient and effective financial decisions at key moments throughout their lives, such as where to go to college; if and when to buy a home; how much insurance, if any, to buy; how to manage savings and retirement; when the time is right to approach a professional advisor; and how to proceed with estate planning. With an eye toward the issues that are most pressing in today's economy, Aliber clearly explains the sophisticated concepts that underpin everyday money management-with the goal of making this guide the go-to reference in your financial planning library, regardless of your age or wealth. Readers of this book will come away with the sense that Aliber is their own financial planner, offering strategies that will help to guide them toward security in the present and the future. Your Money and Your Life is filled with examples to which readers will be able to relate, as well as checklists of "actionables" to help make their plans realities.
